For students ready for college-level work & hands-on, Life-application & focused instruction

First UMC San Gabriel is always seeking to give our students high quality opportunities to challenge them spiritually and morally as they prepare themselves for a life of following Jesus the Christ.

Through the efforts and enthusiasm of Rev. Dr. Terry Van Hook, we are offering this college level class for our youth and young adults at a time and in a manner that allows for easy involvement.

**Starting Sept. 4**, this 36-week, Sunday morning, 1 hour class will finish on Pentecost, 2023 (**May 28**).

As a "Hybrid" class, it will have in-class accept and Zoom students. There will be daily reading and engaging of the Bible along with weekly video files designed for each discussion class.

### **ENGAGING THE REALM OF HEAVEN, EARTH AND THE GOSPEL:**

Starting with a deep dive into the reality of the Realm of Heaven, and the role of the Community of Christian Believers around the risen Jesus the Christ, students will cover all the major biblical themes and the most critical and comprehensive meanings of God's word. These topics include God, Jesus the Christ, The Holy Spirit, Creation, Self-Centeredness/Sin, Call, Bible History, Community, Healing along with many other major topics with maximum engagement and full participation encouraged.

At the end, in a "graduation recognition ceremony" all our faithful students will receive a pin, a certificate and a clear discernment of where God is leading them in their life and how they can be leaders in their community filled with God's Holy Spirit and presence.

*"First UMC of San Gabriel is committed to a faithful culture of high spiritual expectations for all its students, disciples and leaders," Rev. Dr. Terry Van Hook said. "We will continue to develop ways to grow our community, challenge, encourage and support everyone so that they can reach their maximum potential that God has in store for them."*

This 36-week class is well worth the time and the commitment needed to become not only knowledgeable about the Bible, but also to have the skills, understandings and insights that will lead to a joy-life filled with the presence of Jesus the Christ forever.
